

VETO MAY AWAIT RAILROAD BILL IF IT SHOULD BE TOO BADLY CUT UP

BILL EMBODIED TAFTS EXACT IDEAS

Regulars Are Fiercely Blaming
Taft for Wreckage of
the Measure

HE IS ACCUSED OF BEING
NEGLIGENT OF CONGRESS

His Absence at Time of Action
on Measure Thought to
Have Been Disastrous

WASHINGTON, May 4.—A rumor is circulating today that if the railroad regulation bill, President Taft's pet measure, is hammered beyond recognition by congress, the president will veto it.

Secretary of Commerce and Labor Chas. Nagel, and Chairman Knapp of the Interstate Commerce Commission were consulted by Attorney General Wickersham, who drafted the bill following the suggestions of Taft, before the bill was taken to congress. As it stands it is known to embody the exact ideas of the president and its fate is problematical if further emasculation follows.

The Republican regulars in Congress are openly blaming President Taft with charges that he wrecked his legislative program. They are in a rage, because they believe he seems indifferent to the Congressional attitude. They apparently hold his telephone message from Pittsburgh to Senator Aldrich partially responsible for the emasculation of the railroad bill. They are angry because he took his Western trip at the present time, declaring his presence here would have had a salutary effect yesterday.

"SATISFACTORY RAILROAD
BILL OR NONE AT ALL"

ST. LOUIS, May 4.—"We are either going to have a satisfactory railroad regulation bill or none at all," declared President Taft on his arrival here today.

The presidential party reached here from Cincinnati this morning and went to the St. Louis Club for breakfast. Taft didn't care to discuss the slaughter of the railroad bill by congress yesterday.

"When I return to Washington," he said, "I will look the whole bill over thoroughly." He made it plain, however, that he doesn't intend to submit to the action of congress in leaving only the less important items in the bill.

GRAVES PRAISES TAFT
DENOUNCES ROOSEVELT

ST. LOUIS, May 4.—John Temple Graves, allied with the Hearst interests, in an address before the Farmers Union convention today, declared that President Taft is one of the most honest and sincere officials the country has ever known. He praised Taft for being an efficient president and denounced Roosevelt. He declared Roosevelt took such steps as were palpably popular while he was president.

"He fled to Africa to escape any responsibility when his successor took up the necessary work of putting through some unpopular measures," Graves declared.

RUN ENDS AT ALL
NIGHT AND DAY BANK

LOS ANGELES, May 4.—Big crowds filed into the All Night and Day Bank today as the aftermath of the run of the last two days. The bank officers state that the lines were composed of persons returning the funds they drew out, and others desiring to transact commercial business held up during the run. President Skinner declared that there were less than the daily average withdrawals this morning and that the trouble is over.

Free government is not all favor and privileges; it imposes obligations as well.

The best of us in pulpit or pew often vote as though God was neither Democratic or Republican.

Party is made the pirate of our political conscience. The first lesson in the primer of local government is to remember that there is no party brand upon civic virtue, nor does any partisan banner absolve from sin.

A rascal is a rascal whether Democratic or Republican.

As long as each party protects and supports their grafters the tribe will multiply.

Republican ideals are the hope of free government and liberty the world over. The cost of these ideals is a self-reliant, intelligent, patriotic citizenship.

NORWAY'S GREETING TO ROOSEVELT THE GREATEST EVER GIVEN

CHRISTIANIA, May 4.—King Haakon and Queen Maud were the first persons to greet Col. Roosevelt when he arrived here at noon today. The king actually was the first to grasp the hand of the American. Both men were dressed in frock coats. The queen had on a simple street dress. Colonel Roosevelt was greeted by cheering thousands in the streets and on the house-tops. The welcome was the greatest ovation ever accorded a visitor in Norway.

Col. Roosevelt was seated with the Queen, opposite the King and Mrs. Roosevelt in the royal carriage that carried the party to the royal palace. Later all lunched at the American embassy. Tonight Roosevelt will be a guest of royalty at a dinner which will be attended by fifty distinguished men. He will make the noble prize address tomorrow at the National Theatre.

BOTH SIDES FILED NEW AFFIDAVITS YESTERDAY IN SUPERIOR COURT HEARING

Judge West has affidavits, counter-affidavits and counter-affidavits to counter-affidavits to consider in making up his decision in the motion of the Case, Hinze Co. to release the attachment of its stock in the Southern California Sugar Co., which stock is under attachment in the Hadsall suit.

Yesterday Judge West heard the arguments on the motion to release the attachment in the Hadsall suit, and on the demurrer in the Monaghan suit. Both matters were taken under advisement. A third matter, a motion to make permanent the temporary order restraining the Case, Hinze Co. from disposing of or incumbering its stock in the sugar company, was continued to May 6.

A short time ago, the Case, Hinze Co., which is being sued by H. S. Hadsall on two counts, one to get commission for promoting the sugar factory company and the other to get commission for James Irvine for subscribing \$50,000 in stock, filed notice of motion to have released the 1860 shares of stock held by the Case, Hinze Co. Hadsall's suit is for half the profits of the Case Hinze Co. in the building and sale of the factory. The notice of motion declared the stock was worth far in excess of the amount of judgment asked, that the bond of the plaintiff was too small, that it had been fixed by County Clerk W. B. Williams at \$500, Williams being a brother of one of the attorneys in the suit for the plaintiff. Affidavits were filed to the effect

CENSUS MAY SHOW GAIN OF FIFTEEN MILLION PEOPLE

WASHINGTON, May 4.—The Census Bureau today announced unofficially that it expected the census to show a national increase of more than fifteen millions since 1900, when the last census was taken.

The census bureau officials have declared that it is now impossible to issue statements in regard to the census on the Pacific Coast. The growth on the coast is so phenomenal, it was unofficially stated, that it is impossible to issue an advance prediction as to the growth of any one city.

Santa Fe Will Have A Railroad Exhibit

The Atchison, Topeka & Santa Fe railroad is planning on maintaining a railroad exhibit during the San Bernardino Valley Centennial celebration to be held in May, that will equal many railway displays in national expositions.

The Santa Fe railroad operates in San Bernardino the second largest shops on the entire length of its system. About 2000 men, who make their homes in San Bernardino, are employees of the Santa Fe. On various occasions, in appreciation of the vast amount of wealth distributed annually by the railroad among its employees, the citizens have rallied to the support of the Santa Fe.

The general railroad officials, when the Centennial celebration was launched, were asked to join in observing the 100th anniversary of the city, which, in harmony, is a part of the Santa Fe system. The invitation was accepted, and, further, the railroad declined all offers of donations from the Centennial fund to provide for exhibits and floats. The expense

SAN FRANCISCO, May 4.—After being lost sight of since March, 1907, when he was indicted on 13 charges of bribing the Ruel-Schmitz supervisors, A. K. Detweiler, of Toledo, Ohio, vice-president and general manager of the Home Telephone Company, of California, surrendered late yesterday afternoon to Judge Lawlor, who immediately released him on \$130,000 bail. In a statement after his surrender Detweiler said he had been traveling since the indictments were returned and that he came back the moment his physicians said a trial would not endanger his life. He said he returned voluntarily and solely for the sake of clearing his name of the odium of the bribery charges. Judge Lawlor refused to let his attorney address the court in explanation of Detweiler's absence, which caused detectives, attached to the graft prosecution, to scour the world in vain for a trace of him.

On His Trail
On learning Detweiler had surrendered, District Attorney Fickert said: "He beat us only by a few days. I had detectives on his track who were preparing to ask for his extradition from Ohio."

James Gallagher, former chairman of the Board of Supervisors, the chief witness of the graft prosecution, who disappeared some time ago, is believed to be in Europe.

Will Be Arraigned
Detweiler will be arraigned tomorrow. District Attorney Fickert has declared that he will proceed with his prosecution immediately.

MRS. LOGAN SWOPE ON WITNESS STAND

Proved Attraction to Crowds—
Told of Elopement of Daughter With Dr. Hyde

KANSAS CITY, May 4.—Mrs. Logan A. Swope was the star witness today of the prosecution in the trial of her son-in-law, Dr. Hyde, for the murder of Col. Thomas Swope. The court room filled rapidly when word went abroad that Mrs. Swope was on the stand. A thousand persons surged outside who were unable to enter. Mrs. Swope was agitated and her attorneys heard her answers with difficulty. She began her testimony with a recital of the elopement of her daughter with Dr. Hyde.

Mrs. Swope told of the last illness of her brother, Col. Swope. She declared Dr. Hyde had charge of the appointment of the nurses for the case and stated that the possibility of his being the executor in case of his death was discussed by Col. Swope.

ANTI-SALOON FIGHT TO GO ON

Seventy-two Citizens Form a
Good Government League
to Carry on Contest

SAN BERNARDINO May 4.—If anyone ever had the idea that there is to be, for a moment, a cessation in the war on the beverage-liquor traffic in San Bernardino, because of the result of the recent election, that idea would have been dispelled had doubters been present last evening at the business college, at a meeting of the Anti-Saloon forces.

Seventy-two earnest citizens attended and voted unanimously to keep up the fight until the city is rid of the traffic for all time.

The determination to prolong the battle crystallized in the affecting of the organization of the Good Government League of San Bernardino, and 72 names were signed as charter members for the organization, the quest for membership to be kept up until every resident of the city in favor of banishing the saloon evil, is enrolled and aiding in its work.

The League elected officers as follows:

President—J. W. Curtis.
Vice President—N. A. Richardson.
Secretary—W. L. Vestal.
Treasurer—J. L. Oakley.

An executive committee will be named later by the president, to consist of three members from each ward, the four general officers being members ex-officio of the executive committee.

QUARANTINE WILL BAR TAMPICO TREES

Mexican Citrus Trees Not to be
Admitted Because of the
Morales Worm

LOS ANGELES, May 4.—A quarantine against the entrance of Tampico (Mexico) citrus trees into Southern California is likely to be established, according to Horticultural Commissioner Meserve. Meserve today received a message from Stephen Strong, sent to Mexico by the Los Angeles horticultural commission to investigate the citrus tree pests there. The message reads:

"No shipment citrus trees from Tampico."

Meserve interprets this message as follows: "This means that no citrus trees from that section will be permitted to enter California. We will establish a quarantine to prevent the entry here of the morales worm, a white fly which affects the Tampico trees."

Prince Tsai Tso Is Alarmed By His Countrymen

NEW YORK, May 4.—Because he feared he might become a target for the sharp shooters of the progressive Chinese here, Prince Tsai Tso, Chinese Minister of War and uncle of the Chinese emperor, refused to attend a luncheon given in his honor today.

Great crowds of Chinese gathered at the headquarters of the various tongs and the police became alarmed. Threats were heard. Tom Lee, "mayor" of Chinatown, refused an invitation saying: "My life is not worth a cent ten feet from Mott street."

JAPANESE CITY SWEEP BY FLAMES

TOKIO, May 4.—Hundreds of persons were injured and many are reported missing as the result of a fire that destroyed seven thousand buildings at Aomori yesterday. A rumor that an awful disaster had occurred was brought here last night and was confirmed today. The military authorities have taken charge of the situation following an appeal from the citizens of the stricken city. The number of casualties is unknown, but it is feared that it is great.

The origin of the fire has not been ascertained. Troops are being rushed to the city. Official dispatches state that the food supply is gone and there is much suffering from hunger and exposure.

Aomori is the principal city of the prefecture of Aomori in the northern section of the island of Honshu. The population is estimated at 40,000.

CHOICE OF COUNTY POOR FARM NARROWED TO FIVE PIECES

The Board of Supervisors has made out a list of five properties and from that list the site of the proposed new county hospital will be chosen. A decision will be made soon. The board wants to get the farm as near a railroad as possible, all other things being equal.

The board voted \$200 from the advertising fund to the local links to be used in advertising Orange county at the grand lodge to be held at Detroit.

Bids are to be received for painting the courthouse roof. Clyde Ewing came before the Board of Supervisors and asked to be appointed county game warden. He said he would serve without pay, and get his compensation out of the fines imposed on persons he might prosecute and convict, he understanding that the state allows half the fine to go to the arresting officer. OFFICER SAYS THE NEED IS URGENT

Juvenile Workers Ask Supervisors to Make School-house Into One

SCOTT SAYS IT CAN
BE DONE FOR \$1000

Matter Talked Over This Morning—Committee Appointed to Investigate

A plan for a detention home was presented to the Board of Supervisors this morning by County Probation Officer J. H. Scott and representatives of the Juvenile Court Commission, the W.C.T.U., the Ebell Society of the Santa Ana Valley, and the Woman's Club. The city Board of Education has offered the use of the Grand avenue school house for a nominal rental of \$10 a year, and the juvenile court workers proposed that the county fit the building up for a detention home and conduct it as such. Supervisors Smith and Talbert were appointed a committee to investigate the proposal and report on it to the Board of Supervisors.

Probation Officer Scott made the first address to the board. He stated that Orange county is behind in the juvenile court work because it has no detention home. San Diego has a detention home that cost \$1500. San Bernardino's cost \$4500. Riverside has set aside \$10,000 for the year's work, of which \$6000 is to be for a detention home. Under the law a detention home is mandatory. The time has come when Orange county must have one. Handling delinquent children without one is like being sheriff without a jail. He said the county is paying to keep delinquent children elsewhere. Several children had to go to Whittier reform school who could have been done better by in a detention home.

By expending about \$1000 on the Grand avenue building, a place could be fitted up that would do for a home for five or six years. Rev. Scott said Orange county has had thirty juvenile cases in court to Riverside's four.

A. J. Viser, Mrs. Ed. Tedford and Mrs. W. M. Smart spoke on behalf of the commission. Petitions were presented from the county W.C.T.U., Ebell Society and Woman's Club, asking for the establishment of a detention home.

Supervisor Angle said that the supervisors had had a detention home in mind in looking over the different properties for a county hospital, and it might be that the home and hospital would be erected on the same grounds.

Rev. Scott said it would be best to have the detention home close in. He said that there are so many cases in the county now that he believed he could fill the home at once.

Supervisor Smith said he favored having the home close in. The effort to keep children at the county hospital has proven unsatisfactory.

MEXICO EXCITED OVER ELECTIONS

MEXICO CITY, May 4.—Excitement prevails throughout Mexico prior to the national primary elections tomorrow. The government is employing every means to insure peace and to prevent demonstrations, but already several minor disturbances have occurred.

MRS. E. B. NORMAN'S SPLENDID ADDRESS BEFORE COUNTY W.C.T.U.

Subjects of Temperance, Good Government, Juvenile Court, White Slave Traffic Are Discussed

The following is the address of Mrs. E. B. Norman, president of the County W.C.T.U., given at the recent convention of the county organization, held at Fullerton:

Once more we have met in beautiful and prosperous Fullerton. Prosperous? Ask some of the business men of the city if business is good. Ask the postmaster if there has not been a large increase of receipts over last year. Ask the walnut growers what they received in round numbers for the walnut crop. The cabbage growers for the cabbage crop. The orange growers for the orange crop. The asparagus growers for their crop. And so on down the list, until you will be surprised to learn that the amount is somewhat enormous. Since writing this, I have seen an article in the Orange County Tribune, stating that the annual pro-

late it will not only prove abortive, but it will aggravate the evil. There must be no more attempts to regulate the cancer. It must be eradicated; not a root must be left behind; for, until this is done, all classes must continue in danger of becoming victims of strong drink. If it is a crime to make a counterfeit dollar, it is ten thousand times a worse crime to make a counterfeit man."

So let us concentrate our prayers and efforts on the few cancers in our own fair county, and eradicate every root, so that we may have no chance to make counterfeit men of our boys.

"The Confessions of a Moderate Drinker," written by a well known novelist, and published in the February number of McClure's, is as the editor states, "Interesting, not only as a record of personal experience, but as the observation of a candid and unprejudiced mind upon a very vital subject."

This man, who had slipped into the habit of drinking as easily as some of us have fallen into the habit of tea or coffee drinking, had a deep-rooted aversion to getting drunk, and would not allow himself to over-indulge, but was what is commonly called a moderate drinker. In summing up he says:

"In my own case, I was not permanently injured, for I woke up in time, as to what was the matter with me. Of course I was loath to admit it. I persisted in calling my gout rheumatism, and, even when obliged to call it gout, I accused certain ancestors. My nervousness I attributed to over-work—which to some extent was just. But when a famous physician, a good friend and club-mate of mine, said with calm authority, 'The trouble with you is that you drink too much,' then I saw at last that I should have to call a halt. He knew more about alcohol—about me, too—than I did."

\$100,000 if necessary to hold him, he considered the case so outrageous. After all there is a hopeful outlook, for public sentiment is being aroused and something surely will be done.

Our girls of the present day are criticised for their lack of interest in the home, for running the streets, congregating around the ball games where the boys are playing, reading light and trashy literature. All of these things make a girl more susceptible to the allurements held out by these procurers. What is the remedy? In the first place, we must teach our girls that home comes first. Teach them that the real lady is essentially a home-keeper. If the mother does not teach the girls to sew, cook, etc., then we must encourage the cooking school and the sewing school. A live worker in Santa Ana has started a movement that will certainly be of benefit. Why can't we have public playgrounds in our cities, where the girls can have games and be properly looked after at the same time? Boys have baseball, football, basketball, marbles and numerous other games. You look over almost any school ground, and how many of the large girls are playing any kind of game. Clean, wholesome games will keep a great deal of nonsense out of girls' heads. Why cannot the school board employ some one to assist and direct the playing after school hours? It would be a good move in the right direction.

The Anti-Tuberculosis Society has brought to our notice the value of fresh air. We who have tried sleeping out doors cannot be induced to sleep in any stuffy room. We read with interest how the tubercular patients are sent to school in some of the large cities, but not sent to the school room. The children are furnished with a reclining chair apiece, a kind of wooden bag in which they are encased, warm mittens and caps, and kept out doors in the cold eastern climate. If this is necessary in order to affect a cure, then why keep our well children cooped up in the school houses all day long, where the air cannot be kept good and pure? Why not have arrangements made to have school out of doors most of the time, especially here in sunny Southern California? It might take more school ground, and be quite an expense and trouble, but it would pay in the long run.

The subject of prison reform should interest us all at present, now while the question is being agitated. If we get an opportunity, we should consider it a privilege to help the cause. G. J. Griffith says: "I have talked with murderers, train and stage robbers, burglars, pick-pockets, hobos and yeggmen, and others guilty of nearly every known crime, yet I have never found a prisoner but could easily be convinced that a criminal career does not pay. A sane young man so convinced can be reformed."

The conditions in our own state prisons are very much improved within the last year, but from all reports there is still room for improvement, and we hope that every loyal W.C.T.U. member will aid in the good work.

After all, we come back to the fundamental truth underlying all this reform work. We need to study and teach the gospel to every one. When Christ and his teachings are accepted all these things will be remedied. When the Bible is reverently taught

to our children every day, not only as literature, but as the word of God, when we put into practice the Golden Rule, "Whatsoever ye would that men should do unto you, do ye even so to them," then indeed His kingdom will have come.

WHITE RIBBONERS WORK FOR CHILDHOOD

The Orange County W. C. T. U. held an official board meeting yesterday afternoon at the home of the county president, Mrs. Viola Norman.

The board voted to present a petition to the supervisors of Orange county to provide a properly equipped parental and detention home for Orange county delinquent and dependent children.

It was decided to request the state convention of the W. C. T. U. which will be in session in Los Angeles on May 12-16, to embody a petition to encourage the legislature to pass a law prohibiting prize fighting in the state of California.

The temperance conditions at Los Alamitos in this county was discussed. The need for work in that locality is great and Mrs. Cochran, president of the Westminster union, was instructed to go to Los Alamitos and look over the situation.

The next executive meeting and institute will be held in Newport Beach the third week in July. The following members of the board was present: Mrs. Ruddock of Fullerton, Mrs. Garrison of Garden Grove, Mrs. Rolfe of Garden Grove, Mrs. Cochran of Westminster, Mesdames Hill, J. E. Kellogg, Lea Warren and Norman of Santa Ana.

That is the reason we are devoting so much of our time on these essay contests. To teach the young the evil effects of alcohol and narcotics, even when used moderately. This man who wrote this article had not given up his tobacco yet, and seemed to think it was all right. When he has to go to that physician friend again, it is to be hoped that he will tell him, "You smoke too much."

But the dawn of a new era is approaching. Over half of the United States is now under prohibition law. The new interstate bill before Congress, if passed, will give the states complete jurisdiction over all liquors within their borders, whether domestic or interstate. This is very necessary in carrying out the law in prohibition territory.

We feel that prohibition is gaining ground in our county, state, nation—yes, in the whole world, and we will not stop work until the whole country is free.

We are gratified to see Los Angeles, the Metropolis of Southern California, making such a record for good government. What will it mean to such a city to have the chief of police avowedly a Christian! How fine it is to have a mayor who is absolutely square! How they are to be congratulated for having such a Christian man as the friend and protector of the children! Judge Wilbur of the Juvenile court is a power in Los Angeles. Coming to our own county's needs. Cannot we women help in some way so that we may have a suitable detention home to send our delinquents to? Our probation officer says that is one of the needs of the county.

Several cases of young girls who have been betrayed here in our own county make us feel that something should be done for the better protection of all girls. Let us stand by any law that our legislators try to enact, and if such a law should come up, be sure to write to the proper persons urging them to help pass the bill.

Those who have read the report from the Immigration Commission to Congress on the importation and harboring of women for immoral purposes, an official account of how young girls are caught and sold into slavery and held captive by their masters in houses of vice and shame, how they are brought to ruin by procurers and often murdered, have come to realize as never before that something must be done. We can at least write to our legislators in Washington, urging the passage of the bill against the white slave trade. Only this last week daily papers gave an account of a sixteen-year-old girl in New York City. This girl was enticed from home by promises of plenty of money, fine diamonds, silk dresses and an opportunity to move in the high society of the city. She was immediately made prisoner in a resort, where she was not even permitted to leave the place. After three months' search her father found her there, and was so overcome that he fainted. The officers succeeded in capturing the man who enticed the girl away, and the judge wanted his bail fixed at

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy of known composition, even though the dealer may make a little more profit thereby. Your interest in retaining health is paramount to any selfish interest of his and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

NEW PACKING HOUSE GOES UP

Building Follows New Cut-off Through Placentia Orange District

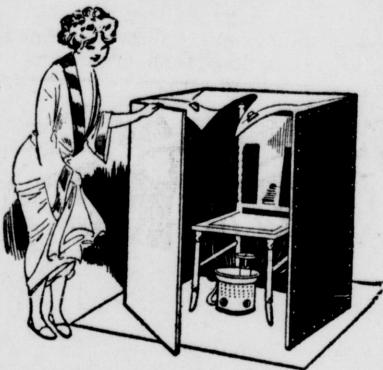

FULLERTON, May 3.—The first direct improvement to result from the new Fullerton-Richfield cut-off of the Santa Fe is a new packing house to be built by the Randolph Fruit Company at Placentia, three miles and a half east of this city, and in the heart of the rich orange section. Three hundred acres of fruit have already been pledged. George S. Harper of Orange, will handle the affairs of the new house.

Forty-one cars of oranges, cabbage and trees were shipped from the local Santa Fe station the past week.

THE NEW SPRING FEVER TREATMENT

Best Spring Treatment Costing But a Few Cents Produces Astonishing Results

Robinson Drugless Treatment Proves Revelation in Treatment of Many Diseases

One Robinson Thermal or Turkish Bath for those of weakened vitality will do more good in a half hour as a spring medicine than can be expected from any drug in the world.

Many startling results have been produced by the use of the Robinson Thermal Bath. It is revolutionizing the treatment of disease. Prominent physicians are abandoning drugs in many cases for this new treatment. Those who have tried them, are astonished at the change in their condition.

The intense exquisite feeling of happiness, strength and mental clearness which results are impossible to express in words.

Read this letter from Mr. Frank A. Thurston of New York and then judge for yourself:

I only regret that I have delayed this necessity and luxury so long. The cabinet is all you claim for it; a preserver and restorer to health. I use your cabinet with great satisfaction as it gives new life and vigor to the entire system. The feature of breathing pure air is a great advantage over the Turkish bath. Another feature is being able to take a bath in one's own home before retiring. I do not believe that any intelligent man or woman would live without the cabinet after giving it a thorough test.

Open up the pores and the change seems almost miraculous; nerves are strengthened at once, kidneys get well; eczema, pimples and skin diseases vanish; bad colds, lumbago, rheumatism, dyspepsia, throat and lung trouble, insomnia and constipation disappear as though some wonderful force had lifted them away.

Every man or woman can now have a Robinson Thermal Bath at home, at a cost of but a few cents, and without trouble.

The Robinson Thermal Bath Cabinets are now being exhibited, and are on sale in Tustin at the Tustin Drug Store, and in Santa Ana at the Rowley Drug Co.

Ask the dealer also for that great book, "The Philosophy of Health and Beauty." The regular price is \$2.00, but you can get one free for a limited time.

Don't pass another day without seeing these cabinets. If you cannot go yourself, just send your name and address today to the ROBINSON MFG. CO., Suite 34, Snowflake Bldg., Toledo, Ohio, for full illustrated information, free.

MINES BOUGHT AT THE SALE

Morrow Takes Back Property —Miss Eileen Everett as Head

Orange News: The Morrow mines reverted to their original owners W. S. Morrow and wife yesterday, when at sheriff's sale they were bid in at \$4,334.60, the amount of judgment and costs against the corporation holding them.

The sale was held yesterday at the court house, and Mr. Morrow, in whose favor the judgment had been given, secured them. The judgment was against the stockholders and directors of the Santiago Mining and Milling Company, a defunct corporation that purchased the property from Morrow, giving mortgages as part payment. Failure to take up the mortgage resulted in a foreclosure. The property lies in the Santa Ana canyon and consists of six claims known as the Morrow group.

The Clover Club met at the home of Mrs. H. C. Wiley on East Collins avenue on last Thursday, and enjoyed a very pleasant afternoon at embroidery. The club officers were elected, the only change being in the secretaryship. Mrs. Beisel of Santa Ana expecting to be absent for some time on a visit to the east, retired and Mrs. Syster of Orange was elected in her stead. The afternoon closed with a delightful luncheon, the dining room being decorated in the club colors. Mrs. Gregg and Mrs. Richards were the guests of the club.

Miss Eileen Everett won the place of valedictorian of the class of 1910, of the Orange High School, having four points more than any other member of the class.

A. H. Small and wife and C. J. Porter and wife who have been on a fishing trip to the headquarters of the Santa Ana, returned yesterday evening. The party went by auto to Alder Creek, their being the only machine that advanced that far up. They had cool weather all the time and caught the limit. On their return, they left Alder Creek at 2 p. m. and arrived home at 7 o'clock.

Miss Elsie Wright was pleasantly surprised Saturday evening by a number of her school friends. The evening was pleasantly spent in games and delicious refreshments were served at 9 o'clock. Those present were: Misses Lorena Wilbur, Eloise Nickolls, Maude Lewis, Florence Briggs, Melba Chandler and Flora Hutchison.

Rev. A. Parker and daughter, Mrs. Robertson, left today on an eastern trip, via the Santa Fe. They will go first to St. Joseph, Mo., where Mrs. Robertson will remain, Rev. Parker proceeding to Columbus, Ind. Mrs. Robertson will return to Orange in about two months, while her father will stay in Indiana during the summer.

Mrs. Eugene Burr of Fallbrook, is the guest of Mrs. D. C. Pixley. Mrs. Burr's husband was formerly the pastor of the Christian church here.

THE GOOD AND THE TRUE

Whatever speaks well for frail humanity should be given due prominence. So much is paraded before the public that is derogatory to the general character of the children of Adam that it is a relief to find something to their credit. The movement to erect a memorial to the "Black Mammy" of the South is a good one, and the universal approval it has met speaks well for the people of this country. It is apparently an odd thing to do, and at first glance not of much import, but the popular chord it strikes awakens echoes from the deepest recesses of the heart and brings into action the very best there is within us. Anything that does this is not of small concern. Whatever helps to awaken us from the sordid dreams of this commercial age and inspires us with the love of the good and the true, is of more importance than the great questions about which we quarrel and fight.

The inspiration that would rescue the old black mammy from obscurity and transmit her memory to generations to come is one that is true to every instinct that tends to elevate the race. To place our offerings at the altars of goodness is to put ourselves into harmony with the life divine and place our feet in the paths of peace. This we do when we honor and reverence the old black mammy of the south. Goodness was her strongest point as it ought to be with us all. Love, self sacrifice and unselfish devotion were her specialties, and not only so with her but with "old black Joe" as well.

The black race has produced some very black characters, but no more and no worse than the white. In fact the worst have come from the intermixture of the two races. The black race in this country (and the blacker the better) has brought forth some of the most beautiful characters we have had. They have taught us lessons of patient endurance, of humble submission, of faith in God, of hope-against-hope, of cheerful submission, of unyielding integrity, and above all of pure and self-eliminating love for its own sake.

There are two more memorials that would be interesting and exceedingly impressive if they could be so constructed as to do justice to the subjects treated. It is said of the Iroquois Chief, Logan, before he was converted into a fiend by the outrages of the whites, that he was the noblest specimen of any race then known to those who had come in contact with him. There should be two representations, one showing him as he was when first known to the whites and the other after his entire kin had been treacherously butchered, and he seeking vengeance for his wrongs. Probably no memorial could do entire justice to the subject, but there is a lesson here that ought to be transmitted to posterity, along with that of the old "Black Mammy."

WHITE SLAVE TRAFFIC

Much has been said about the alleged traffic in white slaves, and The Register had its say when the subject first began to be agitated in this country. It was hard, however, to convince the average citizen that the traffic had reached the proportions claimed, as it required a belief in an almost incredible degree of human depravity.

The district attorney of New York, however, in connection with John D. Rockefeller, Jr., who is foreman of the grand jury having the subject under investigation, has uncovered a nest that bids fair to astonish the unbelievers. These investigators have the facts in black and white that will convict, and their researches show that the traffic reaches from New York to Alaska. These revelations also promise to disturb the serenity of some who are high up in Gotham's political circles.

The investigators find and can prove that children from 12 years old and up are kidnapped and sold as slaves to satisfy the beastly lusts of brutal, ignorant and dirty rough-necks in Alaska and other distant places where such creatures abound. Hard to believe? Well the facts are now in the hands of District Attorney

Whitman, and soon something will be doing.

Of course, such things cannot be carried on without being shielded by some one of authority. It is not surprising, therefore, to learn that certain politicians who have cut a big figure in New York politics are involved. When it was announced that the Rockefeller grand jury was camping on the trail of the devils who are responsible for this hideous business. The Register took occasion then to predict results and here they are.

By the way, this is a good place to put some of those Rockefeller millions, and probably a few thousand have gone into this investigation. Give the young man a free hand and let the good work go on!

ROOSEVELT AND THE COMET

Andrew Lang says that three-fourths of the people of Europe still believe in witchcraft, and no doubt millions will shiver with fright because of the portent of the Comet. Indeed, in Italy already tens of thousands are reported in a state of deadly fear.

What if the superstitious European multitude could be made to associate the appearance of the Comet with Roosevelt's passage across their continent? That would assuage their consternation and supply a reason adequate for the unusual celestial phenomenon.

A comet—Halley's, was it not?—blazed in the heavens when "great Julius" died. The same Comet darted balefully over Saxon England when Norman William bathed in Senlac's blood. Colonel Roosevelt is not dying yet, by any means, nor is he waging war; but he is certainly stirring things up, as he goes zigzagging across Europe.

And if Halley's eccentric star signified momentous events such as Caesar's passing, and England's conquest, will it not be recalled upon its next return seventy-five years hence, as having marked Roosevelt's tumultuous rattling round in the effete monarchies of rusty Europe?—Minneapolis Journal.

Newlywed—Don't you think, dear, if I were to smoke it would spoil your curtains? Wife—You are certainly the most thoughtful husband. It wouldn't do the curtains any good. Newlywed—Then, dearie, take the curtains down.—Kansas City Journal.

Elsie—Why is Clara always so short of money? Didn't her father leave her a lot? Madge—Yes, but you see she's not to get it until she's 30, and she'll never own up to that!—Boston Transcript.

LORIMER GRAFT TO BE INVESTIGATED

District Attorney Begins Probe and Plans to Draft Many Witnesses

CHICAGO, May 4.—The investigation of the charges of bribery in connection with the election of United States Senator Lorimer of Illinois, was begun today by District Attorney Wayman. Charles A. White, a state legislator, will be the first witness. He will be questioned concerning an article in a local newspaper containing a statement alleged to have been made by him to the effect that he received \$2000 for voting for Lorimer. It is understood that the grand jury plans to go into the printed statement thoroughly. It is also thought that the grand jury will obtain the names of a number of men alleged to be connected with the matter and that these will be called as witnesses in a future probe.

It is intimated that many members of the legislature will be summoned and that Wayman is already preparing summonses.

Senator Lorimer returned to Washington today, after refusing to comment on the matter, further than to reiterate that the statement alleged to have been made by White is utterly false.

Delta Alphas

The girls of the Delta Alpha class of the First Methodist church Sunday school had a May party last night at the home of Miss Lura Sheets, on Bush street. The amusements of the evening were preceded by a brief business meeting, after which the girls, who were assisted in entertaining by their teacher, Prof. McCormac, made the hours pass most pleasantly. The house was decorated very prettily with May baskets, hung here and there and resting on stands. Progressive games were played, each table having a different game. Score cards were in the form of small baskets and were filled with candied walnuts to mark the score. Miss Maud Powers won first prize, a bouquet of white roses. Miss Hazel Roberts and Mr. Murphy were guests of the class.

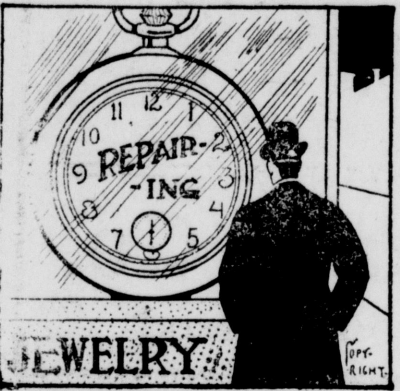

So So Club Meeting

Lovely pink roses used generously beautified the cosy home of Mrs. G. M. Greer yesterday afternoon, when she was hostess at a meeting of the So So Club. The pretty needlework that the members of this club enjoy was in evidence as cheery conversation beguiled the hours. Mrs. Greer completed her hospitality by the serving of dainty refreshments.

Besides the hostess there were present Misses Myra Kirk, Louise Montgomery, Blanche and Lulu Minter, Helen Eubank, Mrs. A. B. Gardner.

terday. They made plans for the entertainment of the district Epworth League convention, to be held in the local church on Friday, May 13. The Aid will furnish a luncheon for the delegates. A banquet for the men of the church is also to be prepared by the Ladies' Aid very soon.

Reports from the Woman's Parliament were heard from Mesdames Wassum, Neeley, C. W. Burns. A reading to be given by Rev. H. E. Murkett in the near future was discussed. The ladies also did quilting work for the denominational hospital at Los Angeles.

The meeting was adjourned for the mid-day dinner, always given on these occasions. There was so large an attendance at this meal that people had to be turned away.

The afternoon was taken up by the Home Missionary Society. A missionary tea was decided on, to be given at Mrs. A. J. Visel's on May 13. A program on "The Education of the Negro," was in charge of Mrs. W. L. Miller, several ladies taking part.

"Mothers' Day" will be celebrated next Sunday in the churches of this city. The ladies of this church have arranged for a supply of carnations for that day.

Luncheon for Travelers

An elaborate luncheon was given yesterday by Mrs. J. W. Bishop, at her Main street home, in honor of Mesdames C. E. French, J. R. Medlock, H. C. Dawes, Addison Cole, Misses Ethel French and Velda Medlock, who leave soon for an European trip that will extend over the summer season. The luncheon table was a dream in its tints of pink and green. Candelabras with pink shades and bows of pink tulle blended softly with the centerpiece of roses and ferns reflected from a shining table mirror. Pink May baskets filled with green bonbons were at each cover. Hand painted cards marked the places, except those of the to-be travelers, each of whom found a silver suit case tag at her plate.

The luncheon, served in courses, had many dainty conceits. The almonds were served in a rose-shaped cups resting on a spray of real rose leaves. The ices, too, were molded as roses, with genuine rose buds and leaves. So enticing proved the beautifully appointed luncheon and its "after-dinner" period, when toasts were given and responded to, that the ladies lingered at the hospitable board for three hours. After the utterance of good wishes, Mrs. E. M. Nealley

LINEMAN HURT IN BREAKING OF POLE

A Pacific Telephone Co. construction foreman was injured in a fall at Richfield yesterday afternoon. He was on a twenty-foot pole from which he cut the wires. The pole was rotten at the base, and broke. The man fell in the sand and the pole struck his hip. County Surveyor Schenck remained with the man until a physician arrived. The injured man's home is at Fullerton. His name was not learned. He was called "Dutch" by the men who worked with him.

The Sweetest Baby in Santa Ana

—Do you wish to see the sweetest baby that ever was? Then come to the Baby Show next Saturday, May 7, at Spurgeon's Hall. There will be all kinds of babies, and all of them as dear and as sweet as can be. No prizes will be given, for the simple reason that no judge living—except the mother of her own particular baby—could decide which one should have the prize—they all deserve one. But each baby will receive a pretty badge of blue for the girls and of pink for the boys. After the program by the little folks, a reception will be tendered to the mothers and babies in the hall adjoining to the right. Mrs. Geo. McPhee and Mrs. Theo Lacy will have charge of this reception and will make all feel at home. Young ladies will escort all to this room. The young ladies are Misses Mildred and Mabel Mansur, Ila Brown, Alice Cranston, Emma Hasty, Edna Decker, Mary Horton, Dorothy Seecombe, Margaret Roy. For sale, candy, baby clothes, ice cream and cake.

The Superior court is occupied today with arguments on a motion for a new trial of S. H. Overacker, convicted of murder in the first degree. Judgment of court on the verdict, which fixed the penalty at life imprisonment, will not be given until the motion is disposed of.

—The Fraternal Brotherhood will give a dance Friday evening at their hall, to which the public is invited. Babize orchestra will play. Admission 50 cents.

Empire Theatre opens tonight. First class moving pictures. Illustrated songs and good music.

—A band of roving Gypsies will weave the Maypole, tell fortunes and sing their weird choruses, Saturday evening next at Spurgeon's Hall.

ANOTHER STATE CANDIDATE HERE

Chas. F. McDonald, of Los Angeles, Republican candidate for state printer, was in town today, getting acquainted and making a personal canvass in behalf of his candidacy. He says: "I am a Republican and a practical printer, having had twenty-seven years' experience, both as employer and employee. I am being endorsed by business men of both parties, who have known me for years, for the position. I am tied to no faction or organization, and therefore will have no political obligations to repay. The only promise I make is to the people: That, if elected, I will conduct the business of the state, as I would my own, in a sane and business-like manner. I am not a political sorehead, nor do I belong to any clique or faction, and the people of the state, who will be my employers, are the only ones I will have to account to for my actions."

There are at least three other candidates for this office besides Friend Wm. Richardson of Berkeley, the endorser of the Lincoln-Roosevelt Republican League.

FUNERAL OF DR. J.G. BAILEY ON MONDAY

On Monday, May 2, at 2:30 o'clock in the afternoon, the funeral services of Dr. Joseph Giffen Bailey were held at the family residence, 608 North Broadway. The sudden death, from heart trouble, of Dr. Bailey on last Friday night, when he was found lifeless on the side porch of his home, his daughter, Miss Kassa, being the one to make the startling discovery, had aroused the deepest sympathy for the bereaved family. Friends thronged to the home to pay their last respects to one who had long been a prominent figure in this community. Scores of lovely floral tributes, mute testimony of sympathy, were sent from friends in Los Angeles and Santa Ana. Emblems from the various organizations of the First Baptist and Episcopal churches, the Ebell Club, the W.C.T.U., the Pacific Coast Soda Co., Farmers & Merchants' Bank of Santa Ana, the Knights of Pythias, Gauntlet Lodge No. 129, of Los Angeles, besides many individual remembrances. Those from boys and girls who were friends of Dr. Bailey, were especially prized.

Dr. J. Hernon Garnett, pastor of the First Baptist church, uttered a beautiful eulogy to the deceased physician. That sweet old song, "In the Sweet Bye and Bye," was sung by Mrs. Mit Phillips, who also sang "One Sweetly Solemn Thought." Mrs. Padgham accompanied the singer on the piano.

The pall bearers were Judge Z. B.

West, Messrs. Mit Phillips, Frank B. Case, G. J. Mosbaugh, W. M. Scott and H. E. Smith.

A letter received yesterday by the family of Dr. Bailey developed the fact that Dr. Bailey went on Friday afternoon to Los Angeles to see Dr. J. T. Fisher, a heart specialist. Dr. Fisher warned Dr. Bailey that he must avoid all over-exertion and excitement, as his heart was in a critical condition. He also gave him a prescription that was the cause of Dr. Bailey's being down town Friday night, but which was not filled until the morning after his death. It is believed that the trip to Orange on Friday morning, with the journey to Los Angeles and back in the afternoon were contributory causes to the sudden death of Dr. Bailey.

LACKING \$10 HE WENT TO THE COUNTY JAIL

A. B. Carpenter, who was arrested Monday night at Watts on a warrant issued here, pleaded guilty in Justice Smithwick's court yesterday afternoon to a charge of petty embezzlement, and was fined \$10. He did not have the money to pay the fine and went to jail. Carpenter was arrested on a complaint sworn to by L. B. Babbitt, who charged that Carpenter embezzled a lamp and two chimneys, the value of which was \$3.10.

Off and on I was troubled by a dull pain in the small of my back and I was of the opinion that the annoyance was caused by weak kidneys. I saw Doan's Kidney Pills highly recommended and was led to try them. Relief soon followed their use and as I continued taking them, lasting benefit was derived. Another member of my family has also found splendid results from the use of Doan's Kidney Pills. They proved as effective in relieving backache in this case as in mine. LOS ANGELES PRODUCE MARKET

The first apricots of the year appeared on the market yesterday morning. They were from Coachella and total receipts were in the neighborhood of ten boxes. Eagerness on the part of producers to get their fruit first on the market probably is the cause for the unripeness of some of the apricots received. There was a good call for them as soon as dealers were informed of their arrival and they sold at 2.00 to 2.50 per ten-pound box. The Coachella apricots are just two weeks ahead of the market last year and it will be only a week or two before receipts are averaging over the hundred-box limit a day.

Three crates of cantaloupes were reported in from Mexico yesterday and the afternoon previous. The first crate arriving was of pony size and sold at 28.00 for 54 melons. The other two crates were broken and the melons sold at 50 cents each.

Receipts of cherries were 126 boxes. There were very few Royal Annes in the lot and they sold slowly. The early Knights are still holding from 12 to 15 cents on anything like good stock. There is considerable small stock on the market which is bringing as little as 8 cents a pound.

Loquat arrivals were heavy. Considerable grading is necessary before the merchants can place this fruit on the market and then it is not bringing sufficient at 3 cents a pound to pay for all the trouble incurred.

Egg receipts were 389 cases. The market on eggs was very firm, and case-count advanced 1/2 cent under pressure of heavy sales, making the price 23 1/2 cents a dozen. Eastern eggs for immediate usage were very scarce.

Butter receipts were immense—71, 415 pounds. These heavy arrivals caused some weakness in the market, but not sufficient to bring a break in quotations. Firsts were best sellers of the morning.

Cheese receipts were 966 pounds. The market on cheese was fair. Eastern offerings were especially liberal. Sales were large in northern fresh and imported Swiss.

Potato arrivals were 3237 sacks. Watsonville and Idaho stock were among the better offerings. Sales of old stock continue light, none of the dealers caring to handle more than half a car at a time, with new local spuds getting more plentiful.

Onion receipts were 798 sacks. The call for onions was excellent. There were no changes in prices on Bermuda or on any of the other varieties. A car of strawberries left yesterday morning for San Francisco. The berries in the north average 6 cents a basket. The local market on this fruit was much better and prices were back to an average of 2 1/2 to 3 cents a basket.

There were no changes in the fish market. Barracuda, shad, albicore, bonita and mackerel were pretty plentiful. Among the small varieties,

sardines, sand dabs and kingfish were in best supply.

ARE TO BUILD SCHOOL HOUSE

City of Fullerton is Enforcing
the Dog-Muzzling
Ordinance

Fullerton Tribune: Architect A. C. Smith of Los Angeles has been commissioned to complete plans for a two-story frame building to be erected in the Randolph school district. It will contain two classrooms, teachers' room and library on the first floor, and an assembly hall and cloak rooms on the second floor. It will be 40x62 feet, and will have concrete foundation, rustic exterior, composition roof, Oregon pine trimmings and floors, plumbing, etc. It will be heated with natural gas. About \$6000 is available for the building.

Dewitt Montgomery, superintendent of the Sonoma county schools and located at Santa Rosa, stopped in Fullerton several days this week for a visit with his sister, Mrs. S. W. McCulloch, after attending the school superintendents' convention in session in Riverside last week. Mr. Montgomery is well known here, having been a graduate of the local high school. He has experienced a phenomenal rise in his chosen field of

work, and his many friends are congratulating him on his success.

The city ordinance regarding the muzzling of dogs is now in force, and the marshal is given power to shoot all unmuzzled dogs on sight. Practically all of the owners of canines in the city are taking advantage of the new law and getting muzzles for their dogs.

ROUGH RIDERS TO SHOUT A WELCOME WITH MEGAPHONES

OKLAHOMA CITY, May 4.—It was announced at the headquarters of the Roosevelt Rough Riders Association that seven hundred members will charter a special boat to meet Colonel Roosevelt on his return to America. The men will be armed with megaphones to shout a welcome and will take part in the demonstration on the pier after landing. The annual convention of the organization is scheduled for New York during the week that Roosevelt lands.

PROHIBITION DEFEATED IN ALABAMA BY 20,000

MONTGOMERY, Ala., May 4.—H. S. D. Mallory, state-wide prohibitionist, has been beaten for governor by Emmett O'Neal, local optionist, by a probable majority of 20,000. It is expected the result will mean the open sale of liquor in Mobile, Montgomery and Birmingham and other towns, and the probable resumption of dispensaries where they formerly existed.

MANY CAUGHT MOSTLY SMALL

Big Fish Are Not to be Found
in Upper San Mateo
Canyon

Varying success is reported by fishermen who have been along the trout streams since the trout season opened on May 1. Some good catches are reported from the Santiago, Silverado, Trabuco, Hot Springs and San Mateo canyons, but as a rule the fish are small.

A party in which J. A. and B. E. Turner of Santa Ana, Bruce Peteblado of Los Angeles and Frank Forster and Joe Oliveras of San Juan Capistrano were members went into the upper San Mateo in which good-sized trout were caught last year. There was a party of five from the Elsinore country also in the canyon. No one caught anything over nine inches in length.

J. A. Turner says he thinks that the winter's storms washed the big fish down stream. Marks show that the water was twenty feet high in places. At any rate, the big fish are gone. No one caught any and no one saw anything big in the pools.

The nearer streams have been thoroughly fished by those who were out the first two or three days.

BOTH SIDES FILED NEW AFFIDAVITS YESTERDAY IN SUPERIOR COURT

(Continued from Page One)

J. M. Raugh, D. H. Thomas and J. T. Wilson.

Counter-affidavits were filed yesterday by Attorneys Scarborough & Forgy and Williams & Rutan for Hadsall, and immediately afterward Attorneys F. O. Daniel and Hunsaker filed counter-affidavits to these counter-affidavits.

Among the counter-affidavits was one from County Clerk W. B. Williams to the effect that the \$500 bond required on attachment in the Hadsall suit was the largest bond required in any suit brought in this county in the last seven years.

The matter of relationship between the clerk and attorney had nothing to do with fixing the bond. When Attorney Forgy started to argue the point further, Judge West stated that the allegation that the county clerk's relationship had had nothing to do with the fixing of the bond, had no weight at all, for, knowing the clerk as he did, he knew it cut no figure. As to the difference that exists between the bond and the amount of damages asked, the judge would hear argument.

Counter-affidavits were filed from James McFadden, A. J. Crookshank, H. S. Hadsall and James Irvine. The affidavits of Crookshank, Hadsall and Irvine stated that the deponents believed the value of the Case, Hinze Co. stock to be but \$60 per share. The affidavit of McFadden put the value at \$50.

In substance the affidavits allege that the sugar factory has no drainage outlet, and may not be able to operate this season; that the title of the Case, Hinze Co. to its 1860 shares of stock is attacked in a suit brought by Frank Monaghan, who alleges that title was gained through fraud perpetrated upon the Southern California Sugar Co.; that defendants F. H. Case was secretary, Frank Case general manager and H. W. Hinze superintendent for the company when the friends of Hadsall offered \$110 per share for the stock; that the offer was made because those making it believed the management was incompetent and that the factory had been run not in the best interests of the stockholders, but rather in the interests of the Case, Hinze Co., and for the purpose of getting rid of the management the stockholder were willing to pay in excess of the market value for the management's stock; that at the time the offer was made there was still time to make the necessary repairs to properly equip the factory; that the sugar company is obligated to take the beets from between 6500 and 7000 acres and that fearing loss in the next campaign by reason of this obligation and the incompetency of the management, the price offered for the stock was higher than the market value; that by reason the Monaghan suit the Case, Hinze Co.
